## Alcohol Infused Gummy Bears

We recently received the following article that we think is important to pass on to parents of teenagers.

*"Leave it to teenagers to take something as wholesome as gummy bears and turn it into booze-soaked mischief.*

*Using online tutorials, some teens are soaking the candy in vodka for several days and eating it to get a buzz."*

### **Okla. Tag 184-GCS**

On Nov 3<sup>rd</sup> a white Chevrolet Tahoe, Okla tag 184-GCS was seen leaving the scene of a residential burglary near 39<sup>th</sup> and St. Louis Avenue. The vehicle was driven by a black male, 25-30 years, 5'10", 200 lbs. wearing a white shirt and white pants.

## **Crime Tip**

The holiday shopping season starts soon. Thieves will window shop on shopping center parking lots, looking to see what people leave in their cars. These are crimes of opportunity. It only takes seconds to break the car window and make off with your valuables.

## **From the Major's Desk...**

With the ending of Daylight Savings Time, homeowners need to be more vigilant in keeping their homes secure. Close garage doors when no one is inside them. Also increase lighting around your home to make it less tempting for burglars.

## Have a question?

Send us your question at [TPD Riverside News](#)  
We'll answer in an upcoming newsletter.

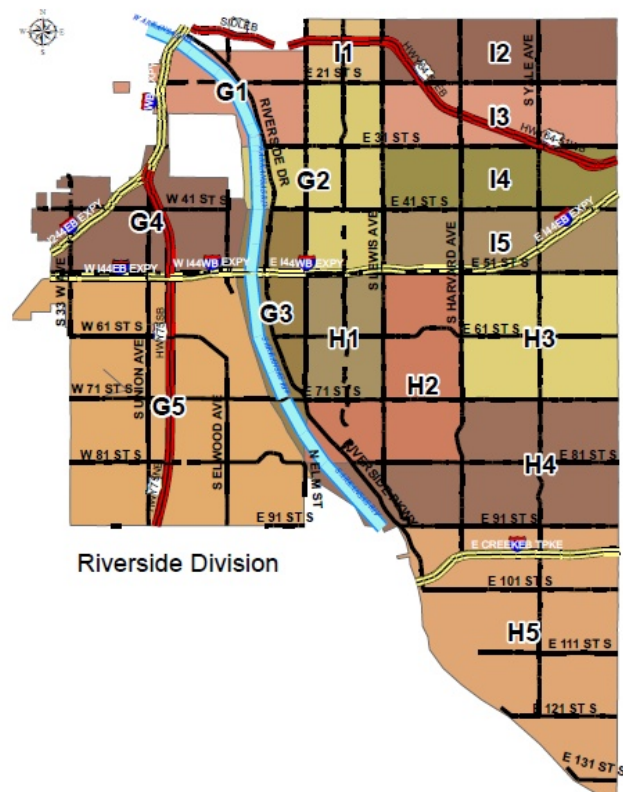

Q: Is the Police Department better prepared for bad winter weather than last year?

A: We have Chevy Tahoe 4 x 4 SUVs with winches assigned to each patrol division. Several officers at each division are being trained to use these specialty vehicles over the next couple of weeks.

The Riverside Division covers a large portion of south and west Tulsa. Generally, we serve citizens south of 11<sup>th</sup> Street and west of Sheridan Road to the city limits.

George, Henry and Ida are the names of the 3 squad areas in the Division. Each squad contains 5 beats.

### Alcohol Infused Gummy Bears (Continued from Page 1)

*It's a big trend in California and so popular that one police department has posted a warning on its Facebook page.*

*Police say because teens are eating handfuls of candy, they don't know how much alcohol they're ingesting at a time. The teens get really drunk really fast without their parents finding a trace of illicit substances."*

Trends from the west coast often make it to our area. The link below is one of many online videos that demonstrate infusing candy with alcohol.

### Officer Barnes (Continued from Page 2)

I started the Tulsa Police Department in May of 2004. This is my fourth year working at the Riverside Division. I currently work third shift Henry squad.

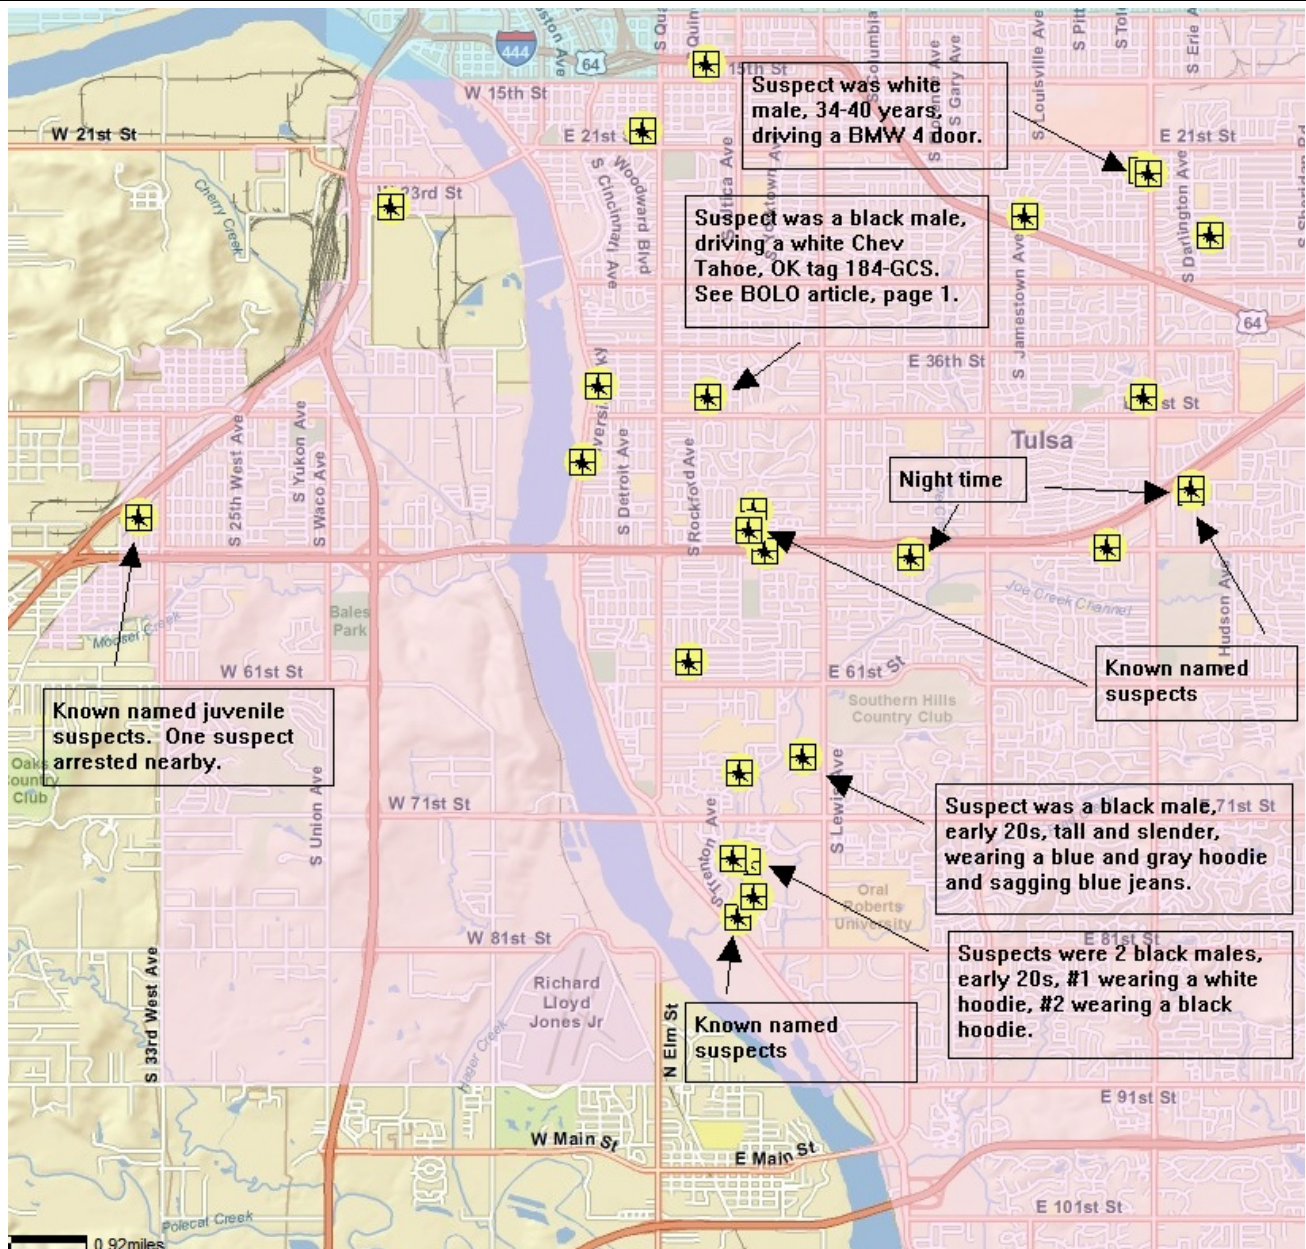

I am single and live in Tulsa with my two dogs, a border collie and a Saint Bernard. I have three nephews that live in Broken Arrow. My middle sister Kara married in February and recently informed us that she is expecting. I enjoy having my family so close and to be able to watch my nephews grow up. I am proud to be a part of the Tulsa Police Department family as well and look forward to the many years ahead.
